Dear Parent or Carer

As your child begins their exciting school journey, we're here to work alongside you to nurture their health, wellbeing, and development to help them grow, thrive, and reach their full potential.

We would like you to fill in a short questionnaire about your child's health.

Why are we asking? Because we want to work with you to help your child stay happy and healthy at school. We can share useful information, signpost helpful services and offer extra support for you and your child if needed. This also includes details about an upcoming vision screening taking place in school.

How to fill it in: Please go to this website or scan the QR code:

<https://forms.chathealth.nhs.uk/index.php/113111?lang=en>

Or ask your school for a paper copy.

Your information is safe: We will keep all information about your child private and safe. Only health staff helping your child can see it.

Need help? If you have problems with the questionnaire or questions, please call: 0300 247 0090 We are open 9am-5pm, Monday to Friday or use the chat function on the Growing Well Wiltshire App.

Yours sincerely

Wiltshire School Aged Health Service
